The original field notes of the survey of the claim of  
the Occidental Asphalt Company  
upon the Arcadia Oil Mine,  
from which this plat has been made, have been examined and  
approved, and are on file in this office, and I hereby certify  
that they furnish such an accurate description of said mining  
claim as will, if incorporated into a patent, serve fully to identify  
the premises; and that such reference is made therein to natural  
objects and permanent monuments as will perpetuate and fix the  
locus thereof. I further certify that the value of the labor and im-  
provements placed thereon by the applicant or its grantors is not  
less than five hundred dollars, and that said improvements consist of  
half a mile of road, and other expenditures  
for the benefit of the whole system of claims.  
of which this forms one,  
as appears by the report of the deputy surveyor and the testimony  
of two disinterested witnesses, and I further certify that this is a  
correct plat of said mining claim made in conformity with said

*Frank W. Seacord*  
U.S. Surveyor General for  
California

The original field notes of the survey of the claim of the  
Pacific Coast Oil Company upon the Tamalpais Con. Oil Claim  
from which this plat has been made, have been examined and  
approved, and are on file in this office; and I hereby certify  
that they furnish such an accurate description of said mining  
claim as will, if incorporated into a patent, serve fully to identify  
the premises; and that such reference is made therein to natural  
objects and permanent monuments as will perpetuate and fix  
the locus thereof. I further certify that the value of the labor  
and improvements placed thereon by the applicant or its  
grantors is not less than five hundred dollars, and that said  
improvements consist of wells, pipe lines, etc. as appears by  
the report of the deputy surveyor and the testimony of two  
disinterested witnesses; and I further certify that this  
is a correct plat of said mining claim, made in conformity  
with said original field notes of the survey thereof.
